

Art in Magnetism Contest

“Celebrating images generated in the course of magnetics research having exceptional visual impact and aesthetic appeal”

Four images were selected. Two by a panel of judges and two by popular vote. The winners receive a certificate and \$50 prize.

Art in Magnetism Contest Winners

Judges' Selections

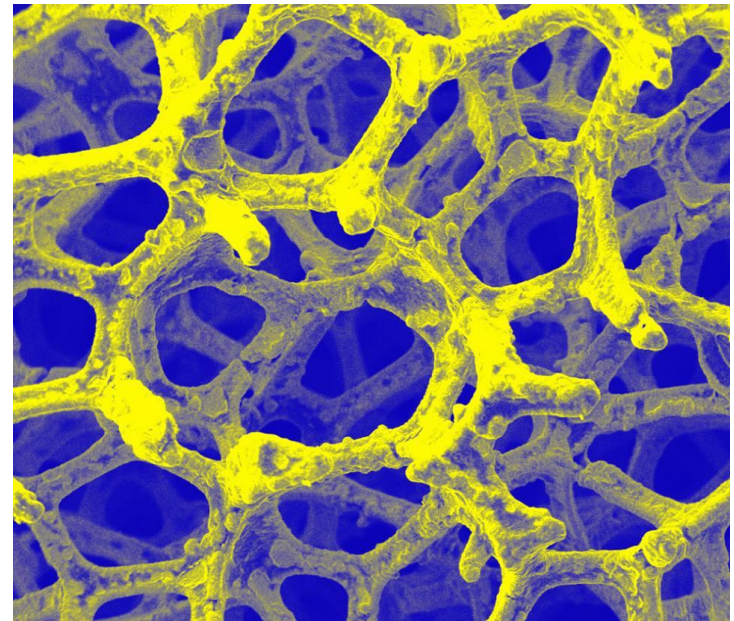

“Information Dispersion”

Submitted by Taro Fukazawa

**National Institute of Advanced Industrial Science
and Technology, Japan**

Calculated spin-wave dispersion for SmFe_{12}

“Hygeia’s Gift: A Tranquil World”

Submitted by Donghui Wang

Wuhan University, China

SEM image of metal foam
